Skills

Javascript

HTML

React-Native

MongoDB

Node.js

CSS

React

Express

Git

AWS

Docker

Web Developer with 3 years part-time experience, 7 months full-time. I love to do both front end and back end work and seeing a project from conception to completion. My work is rooted in the desire to change lives while providing and analyzing data to inform smarter business decisions.

Experience

Jun 2015 - **Web Development Intern**

June 2018 *American Center for Law and Justice (ACLJ)*

- Worked with ACLJ development team creating, maintaining, and designing organization websites and applications
- Received extensive knowledge with Node.js, Javascript, HTML, CSS, React, React-Native, MongoDB, and AWS
- Full-stack development involving front-end, back-end, and database management
- Primary developer for partner organization's website eclj.org
- Work on admin/content management application

Aug 2016 - **Web Developer**

May 2017 *Liberty University School of Music*

I worked with a team of students to create GLOW, a community service project for LU's School of Music using Node.js, HTML, Mongoddb, and AWS to host media from around the world.

Aug 2017 - **Web and Mobile Developer**

Present *Liberty University Capstone*

- Developed application with Node.js as an interface for a Mongo database to be used in refugee camps in Europe.
- Developed React-Native (Android) application with external fingerprint connection to track recipient access when receiving materials from lines at a camp to prevent abuse of system

June 2018 - **Junior Developer/Data Analyst**

Present *American Center for Law and Justice (ACLJ)*

- Data analytics and reporting involving financials and member metrics reported to senior staff using custom built reports and Elasticsearch/Kibana
- Developed iOS and Android mobile application using React-Native
- General website maintenance and fulfilling feature requests.

Education

August 2013 **Liberty University**

- May 2018 BS in Computer Science - 3.47 GPA

August 2009 **Scottsbluff High School**

- May 2013
